

### NOW— THE TRUE TEST OF PATRIOTISM

Under the stress and terror of war it didn't take a great deal of patriotism to buy bonds. But your bonds helped crush German militarism, brought victory and again we are at peace. Now, when the enemy no longer threatens you are put to the true test of patriotism. Be the first to subscribe—show the peoples of the world that America can finish the job in the glorious manner in which her army and navy overcame every obstacle before them.

### INVEST IN VICTORY BONDS

The best investment in the world. Your money back in four years. High rate of interest—4 1/4 per cent. Easy terms—the best way to save money.

## GOODRICH TIRES

"BEST IN THE LONG RUN"

### Here, There, Everywhere

After being in service abroad for nine months, Luther (Poosy) Hendren reached home last night, having received his discharge at Camp Taylor yesterday. Although he saw some of the most terrific fighting, this popular boy came through it all without receiving a scratch, and furthermore was not sick a day while overseas. For one month previous to the signing of the armistice, he was with the 37th division, artillery section, and was on what is known as Verdun sector and at time the war came to an end was sending over 3-inch shells to the Boches.

In describing his activities while over there, young Hendren state that his experience was about the same as all the other boys who went over to do their best, and he is in every complimentary to the entire forces and to the French people who were kind to them during their fighting days.

One experience he relates, however, is that one night when ordered back to the firing line, he made preparations to make his bunk near an ammunition dump. On second thought though he changed his bunking quarters and hardly had he dozed off when an enemy shell hit the first spot he had intended sleeping on squarely, and would have blown him to pieces, and it seems that a hunch saved his life.

Oil producers from Estill, Rowell, Wolfe Lee Lincoln Wayne and Wayne counties met in Winchester Thursday night and informally took steps to oppose the action of B. W. Gillin on behalf of W. M. Byars, revenue agent from the State at large, to assess oil producing properties on an ad valorem basis. It was the opinion of the meeting that the attempt of the agent has no legal basis and in view of the fact that there is paid 11 1/2 per cent on each barrel produced that there is no other tax due the State. Seventy-five suits of this character were filed in Estill county against individuals and corporations and it was said the agents announced he will sue in each oil producing was introduced in each of these counties.

### No Danger of Locusts

The assertion of entomologists that the 17-year locust are due in Kentucky and the nation this year has called forth another from distinguished Fayette county nurseryman, Mr. H. F. Hillenmeyer, that no alarm need be felt, as the day of the locusts in Central Kentucky is gone for good. He says that save in the well wooded sections there will be no further visitation till 1928, when very little damage will result. He further tells about great damage that was wrought by locusts in 1885, and says the return of the pests in 1872 and 1889 was accompanied with little harm. Mr. Hillenmeyer is authority on such matters and the weather and his contributions are always eagerly printed by the Lexington papers.

lis, George Smith, William Park, John Willis, Sam Burton and Clarence Ben-All news should be given to the netter. See him or call him at 556 336.

## Sensible Treatment For Rheumatism

Drives Out the Millions of Tiny Pain Demons That Cause the Disease.

There are many ways of treating Rheumatism, but there is only one right way.

If you are beginning to feel the first slight touches of Rheumatism, there is untold pain and suffering ahead of you, if you follow blindly in the same misdirected foot-steps of unintelligent treatment. For remember that thousands of victims of this painful disease have spent countless hours, no doubt, as well as their hard-earned dollars in a vain effort to find a cure.

And your own experience will be just as disappointing as theirs, if you follow the old, worn-out and worthless methods of treatment.

When you realize that you must get rid of the cause of Rheumatism, and that its torturing pains will disappear when their cause is removed, then you will be on the right track, and there is a splendid chance for you to rid yourself of the disease.

The most common form of Rheumatism is caused by millions of tiny disease germs which infect the blood.

The one and only sensible treatment therefore, is one which cleanses the blood of these germs, and routs the entire out of the circulation. As everyone knows that this cannot be done by rubbing the surface with liniments.

This is why S. S. S., the greatest known blood purifier, is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, it promptly routs all disease germs, it has been used for more than half a century, and it will prove beneficial in any case of Rheumatism.

If you are a victim of this disease, get to-day and get a bottle of S. S. S. and begin a course of treatment that will delight you with its results. S. S. S. will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

We maintain a medical department in charge of a specialist on Rheumatism, and after beginning treatment with S. S. S. you are invited to write for free medical advice about your own case. Address Chief Medical Adviser, 104 Swift Laboratory, Atlanta, Ga.—(Adv.)
